

WHY RECYCLE?

Separation of materials for recycling has been mandatory at the solid waste facility since 1990. **If all recyclable products are not removed from your garbage you must pay for disposal.**

PLEASE SORT AT HOME FIRST

New guidelines for separation and contamination of recyclables. All items must be free of food residue, liquids and grease. Think "Clean in the Recycle Stream." We cannot sell product to the market that does not meet strict contamination guidelines. Rejected loads are very costly to the District. Dirty recyclables end up in the trash. So please help us keep costs down and revenue flowing by **RINSING AND SORTING AT HOME FIRST.**

Each ton of waste that we send to a landfill costs the taxpayer approximately \$76.00 in disposal fees alone. Each ton of material we recycle saves this fee and also generates revenue back to the taxpayer, as shown below.

Tax Savings from Recycling

Year	Tons Recycled	Tax Offset
2014	1,038.3	\$173,541.02
2015	1,256.5	\$168,057.14
2016	1,233.2	\$213,331.38
2017	1,210.7	\$190,598.43
2018	1,023.4	\$189,310.12
